

Vigo, 19.10.2018

To whom it may concern,

I hereby confirm that the DT4U team from Łódź University of Technology (Dorota Bociaga, Anna Laska-Lesniewicz, Katarzyna Znajdek, Laurent Babout) mentored and carried out the International Design Thinking Exchange at University in Vigo (Spain) together with tutors from University in Vigo. International Design Thinking Exchange was a 7-day workshop for 32 students from 3 countries – Poland, Spain and Norway. The workshop took place in Vigo from 16th June 2017 to 22nd June 2018. During the event students were involved in projects and worked according to the Design Thinking methodology.

The DT4U team is experienced in Design Thinking and in implementing it in students' projects. DT4U is full of passion and positive attitude to problem solving challenges.

Manuel J. Fernández Iglesias
Head of the local organizing committee
International Design Thinking Exchange
